APPROVAL OF THE STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

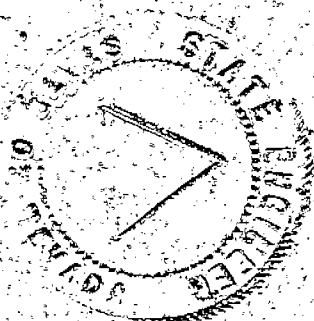

This permit to change the manner of use of water, is issued with the understanding that no prior rights will be affected thereby. Upon submission of the proof of beneficial use under this permit, the permittee will be required to show definitely the amount of water beneficially used for stock watering, it being

recognized that the 0.75 cubic foot per second herein permitted to be changed is in excess of the amount required for the new use of water to be made under this permit. The State reserves the right to regulate the use of water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.75 cubic foot per second.

Actual construction of work shall begin on or before June 20, 1922.  
Proof of commencement of work shall be filed before July 20, 1922.  
Work must be prosecuted with reasonable diligence and be completed on or before June 20, 1923.  
Proof of completion of work shall be filed before July 20, 1923.  
Application of water to beneficial use shall be made on or before November 20, 1924. Proof of the application of water to beneficial use must be filed with the State Engineer on or before December 20, 1924.

WITNESS MY HAND AND SEAL this 20th day  
of December, 1921.
